DL-900K-5 Capsule Multi column Three sided Sealing Packaging Machine

The host image is for reference only (the actual production of the measuring system is changed to vibrating disc counting)

APPLICATION

Suitable for fully automatic soft packaging of granular products in industries such as food, daily chemicals, health products, cosmetics, biology and pharmaceuticals, plastics and hardware. For example: solid drinks, granules, granulated sugar, coffee, grains, pills, seasonings, desiccants, salt, laundry detergent, activated carbon, granules, pharmaceutical granules, etc.

MACHINE DETAILS

TECHNICAL PARAMETER

Model	DL-900K-5
Number of packaging columns	5 columns
Packaging speed	Single row 20 packs/min
Bag Size	L : 70mm W : 70mm
Membrane width range	Max.900mm
Film thickness	0.07-0.1mm
Power Supply	1N+PE/50HZ/AC220V/6.5KW
External dimensions	1602×1660×3200mm
Machine weight	900kg

ELECTRONIC PART LIST

Mechanical Configuration List		
NO.	NAME	Name/Origin
1、 Control section		
1	touch screen	Huichuan/China
2	PLC controller	Mitsubishi/Japan
3	Servo drive	Panasonic/Japan
5	Temperature control meter	Yudian/Xiamen
2、 Pneumatic part		
1	Horizontal sealing cylinder	Yadeke/Taiwan
2	Longitudinal sealing cylinder	Yadeke/Taiwan
3	Membrane transport cylinder	Yadeke/Taiwan
4	Cutting blade cylinder	Yadeke/Taiwan
5	Solenoid valve	Yadeke/Taiwan
6	Triple Union	Yadeke/Taiwan
3、 Low voltage electrical components		
1	DC power supply	Mingwei/Shanghai
2	Solid state relay	FOTEK/Taiwan
3	Intermediate relay	Tianzheng/Zhejiang
4、 Sensor section		
1	Proximity switch	AUTONICS/Korea
3	Color coded optical fiber	Baideli/Wenzhou
5、 Transmission part		
1	servo motor	Panasonic/Japan
2	Motor 1	VTV/Beijing
3	Gear motor	Xuan Yi/Guangdong
4	Motor 2	JSCC/Germany
6、 Other attachments		
1	Power cable connection	Aoplong/Guangdong

Note: The above accessory manufacturers' products have all passed the EU CE certification
